The Chapter affiliation fee is \$125. That covers 4 memberships for the 4 highest ranking officers (typically – President, VP, Secretary, Treasurer) of the local chapter and a \$25 annual club affiliation fee to cover 1 Avicultural Bulletin to be sent as a chapter copy to add to the chapter library or to circulate amongst the membership at the chapter's discretion..

Each officer and each Chapter receives a copy of the Avicultural Bulletin. Please be sure to inform us of your Chapter's upcoming events so they can be publicized in the Bulletin. We hope to have a "Chapter Events" section in each issue that is full of fun and exciting things for aviculturists all over the country. But the Chapter Program is, of course, much more than the Bulletin.

It's important to emphasize that the ASA Chapter Program is not intended to place the Avicultural Society of America as a governing body over each chapter. The Chapter program is being developed to create a network of bird clubs who will be able to work together on programs of benefit to us all. ASA will serve as the hub of this network, and we look forward to providing leadership and coordination to achieve our common goals. We already have many ideas for programs that can best be developed with broad participation from clubs around the country who understand the value of working together.

A dedicated ASA Chapter email list has been established to allow us to communicate with each other on legislative issues, chapter business issues, as well as work on the programs needed to advance aviculture. This is a work-list, not a chat-list. Please indicate the names and email addresses of 2 or more representatives who would best be able to act in this capacity. Participation in the ASA Chapter email list is strictly voluntary, but this list is very likely to be the place where a great deal of the action happens on Chapter programs. Please indicate which representatives would like to participate in the Chapter email list.

ASA is very excited to see what we can develop together through participating in the Chapter Program. Any questions or comments can be directed to info@asabirds.org or 909 599-7577.
